

#### **CORPORATE OVERVIEW**

POWERPLUS GROUP INC., USA, a leading global manufacturer of a comprehensive range of construction equipment, is part of Worldwide Techno-Equipment Group (1973) Pte Ltd. Established since 1973, POWERPLUS GROUP has evolved into a world-renowned organization that offers machinery unparalleled in price, quality and performance.

POWERPLUS machinery is manufactured with enhanced capacities to exceed even the most stringent international standards of quality and safety. With the aim of producing machinery that is able to withstand even the most extreme climatic conditions and rugged terrains, POWERPLUS Research & Development team which has its Headquarters in the United States, has been the backbone behind all its innovative engineering solutions.

Optimizing the best of technology from the United States, Europe and Japan, POWERPLUS machinery is configured to its ideal technical capabilities. A multinational team of engineers analyzes the data collected from our network of distributors worldwide and are on the constant lookout for ways to maximize the life-span of POWERPLUS machinery.

Today the Company's clientele spans over 100 countries across 6 continents.

At the forefront of setting quality standards, every POWERPLUS machine undergoes a technical review after 2 years and is tested rigorously before a new model is churned out of its production facility.

With an emphasis on delivering value and excellent after-sales service to our customers, the POWERPLUS experience outshines and outclasses its competitors in all aspects.

#### **VALUE-ADDED MACHINES WITH MAXIMIZED DURABILITY**

POWERPLUS Backhoe Loaders are the most versatile equipment able to satisfy every operational need, be it for loading materials or digging trenches. By getting one backhoe loader you are getting two machines in one, saving operational cost and improving efficiency. Thus, making backhoe loaders so popular for operations in construction, agriculture, or even road building industries.

The main POWERPLUS Backhoe Loaders' higher efficiency and effectiveness formula rest in the careful selection of premium parts and components from all over the world. Designed to perform, POWERPLUS Backhoe Loaders are manufactured with high international standards that are built to withstand harsh working conditions.

# OPERATOR'S COMFORT AND INCREASED PRODUCTIVITY

- Noise and shock reduction cabin for better comfort and reduced operator's fatigue.
- Wide operational view with improved visibility to perform even high detailed operations.
- ROPS/FOPS cabin with personalized amenities including POWERPLUS adjustable suspension seat, MP3 player, and air-conditioning.
- Cabin designed with wide leg-room space and in-cab storage – in order to increase operator's comfort.
  Consequently, higher operator's comfort results in better productivity and efficiency of work in general.

#### **PERKS FOR END-USERS**

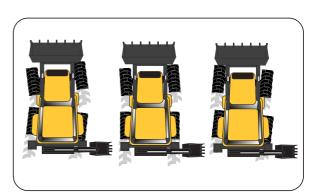

- CARRARO axles with excellent performance and reliability.
- 4 Wheel Steering and Crab Steer
- Advanced manufacturing process and thorough quality control before any machine leaves factory premises ensuring longer backhoe loader's life expectancy.
- Wide range of additional attachments and customized approaches make POWERPLUS Backhoe Loaders suitable for any operational needs.
- Routine check-up, daily preparation for operations and even scheduled maintenance service become an easy task with increased access to the backhoe loader parts and components.
- Increased maneuverability for the hassle-free drive around the site.

#### MINIMIZED ENVIRONMENTAL IMPACT

- Backhoe loaders are manufactured according to international safety and environmental standards.
- Fuel efficiency and good control systems for low emission levels.
- Up to 90% of recyclable parts and quality parts for a longer lifespan.

# STANDARD SPECIFICATIONS

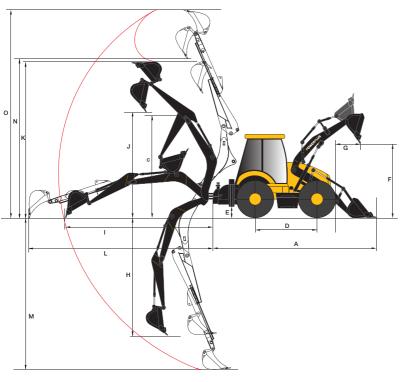

BACKHOE LOADER		PBL488T-II			
Operating Weight	kg	10500			
Wheelbase	mm	2050			
Minimum Ground Clearance	mm	450			
Dimension (LxWxH)	mm	6011 x 2480 x 3142 (A) 6011 x 2480 x 3900 (B)			
PERFORMANCE					
LOADER					
Bucket Capacity	m³	1.2			
Breakout Force	kN	47			
Loading Capacity	kg	2500			
Bucket Dumping Height	mm	3077			
Bucket Dumping Distance	mm	870			
BACKHOE					
Bucket Capacity	m³	0.3			
Maximum Digging Depth	mm	3489			
Bucket Digging Force	kN	50			
TRAVEL					
No. Of Gears		4 Forward & 4 Reverse			
Maximum Traveling Speed	km/h	38			
ENGINE					
Model		CUMMINS 4BTA3.9-C100			
Rated Power	hp	100			
Rated Speed	rpm	2200			
TRANSMISSION SYSTEM					
Brand		POWERPLUS			
Transmission Type		Electronic			
STEERING					
System Type		Hydraulic Steering			
System Pressure	MPa	14			
Steering Angle	° +/-	35			
Min. Turning Radius	mm	690			
Mode		4 Wheel Steering and Crab Steer			
AXLE					
Model		CARRARO			
Front Axle Load	Т	10.00 (Dynamic) 25.00 (Static)			
Rear Axle Load	Т	7.50 (Dynamic) 18.75 (Static)			
TIRE					
Front		16.9-28			
Rear		16.9-28			
BRAKE SYSTEM					
Service Brake		Wet Type Brake			
Parking Brake		Manual

0	Operating Height	mm	-	6345.4	-	6692

#### **OPTIONAL ATTACHMENTS**

<sup>\*</sup>Availability of equipment may varies across different regions. Kindly consult your POWERPLUS territory sales personnel for details.

### **GLOBAL NETWORK DISTRIBUTION**

POWERPLUS is committed to creating long-term value for its customers, partners and stakeholders. Our Service Centers are strategically located in major construction, industrial and manufacturing hubs in key regions around the world.

Given our years of experience in the industry, it is no doubt that our customers can always rely on us for the expertise, services and solutions we provide. Most importantly, you will find our after-sales service a satisfying experience at all our Service Centers worldwide.

#### **DURABILITY, RELIABILITY & AFFORDABILITY**

POWERPLUS Parts and Service Centers provides a convenient channel for you to order the original spare parts through a network of highly certified OEM manufacturers and an effective distribution of spare parts through our global network of vendors.

From determining the correct part number to locating and ordering, we are committed to working round-the-clock for timely solutions and delivery to ensure we serve our customers promptly and efficiently.

Coupled with affordable parts prices and high interchangeability across the POWERPLUS machinery range, we take pride in being able to offer value to our customers with cost-effective solutions. Most importantly, you are able to retain the machines with high residual value to enhance your return on investment.

#### **SERVICE**

Delivering Unsurpassed Customer Service - Because You Matter.

Our dedicated team of customer service executives, skilled engineers and technicians are well-trained to ensure timely and propitious support throughout the customer life cycle. With a comprehensive dealer network coverage and service facilities support, POWERPLUS dedicated team of account managers and service teams from the Customer Service Charter are trained to respond to your queries and requests promptly and efficiently.

To deliver more, our service package includes educating our customers with training, maintenance and servicing to ensure customers are empowered to utilize the machines at its best; therefore optimizing the machine's performance and increasing uptime.

At POWERPLUS, we strive to build and maintain long-term relationships with each and every client based on trust, integrity and professionalism.
